The Pick TN Products display is designed to bolster the awareness of Agriculture Production and Manufacturing in the State of Tennessee. As many people may or may not know, Tennessee has multiple Agricultural industries that produce many of the items stocked in your local stores. Also included in our great state are many items you see in farmers markets, plant nurseries, and other places you may frequent.

Featured in our display will be many of the “Name Brand” products that you use daily. Included also will be a daily drawing for a “PICK TN PRODUCT” basket filled to the brim with samples of products manufactured and grown in Tennessee.

Did you know that Tyson Food, M & L Greenhouse, Murfreesboro Pure Milk, Valley Home Farms, and TN Beef Producers are just a few of the names that we are familiar with and these places are located just a few miles down the road? Many of the growers and dairy farmers in our county ship their product to these plants to be processed and passed on to you.

Please be sure and stop by to register at our display in the “Trade Show” building and let us share with you many interesting facts about the many products that are made and manufactured in Tennessee.

Please remember to also thank the farmers and anyone involved in the Agriculture business - these people help to feed thousands daily.

Bedford County Fair Proudly Recognizes The Twenty-Seven Century Farms in Bedford County

Bedford County was established in 1807 from land taken from Rutherford County and is located in the southern outskirts of the Central Basin of Tennessee. Shelbyville, the county seat, was established in 1810 and was ideally suited as a trading center, with fords on the southern and eastern ends of the town. In the early twentieth century, Shelbyville became a thriving industrial center with the Shelbyville Mills, a textile factory, and the Musgrave Pencil Company manufacturers. In addition, the worldwide popular Tennessee Walking Horse Celebration takes place in Shelbyville.

MEMORANDUM
TO: Fair Officials
FROM: Charles Hatcher, DVM
State Veterinarian
DATE: February 7, 2017

Enclosed is a summary of Tennessee Fair Regulations - health requirements for livestock at fairs and exhibitions.

Special Comments:
1. It is expected that all exhibitors will bring only healthy animals to fairs and exhibitions. Although state and federal animal health officials will be performing some inspections, fair officials are responsible for ensuring that all animals entering fairs for exhibition are in overall good health and are accompanied by a Certificate of Veterinary Inspection. Animals showing clinical signs of contagious disease should be sent home immediately. Violations should be reported to the state veterinarian or his agent.

2. Certificate(s) of Veterinary Inspection are to accompany all animal(s) to the respective shows with the exception of in-state Tennessee equine and poultry. In-state Tennessee equine six (6) months of age and older must have a negative Equine Infectious Anemia test within the preceding twelve (12) months. Poultry assembled at shows or exhibitions should be accompanied by evidence of a negative test for Pullorum-Typhoid within 90 days, or be tested on-site prior to exhibition following strict biosecurity procedures, or originate directly from a flock which has been certified as Pullorum-Typhoid Clean under the Tennessee Poultry Improvement Plan. As part of increased awareness and surveillance for Avian Influenza and other poultry diseases, all bird's physical appearance should be assessed at the time testing is conducted.

3. Health certificates issued in satisfaction of these Tennessee Fair Regulations shall be good for 90 days for Tennessee livestock only.

4. Please note that exhibition requirements for out-of-state livestock are the same as regular import requirements.

5. Warts and ringworm are considered contagious and infectious diseases and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.

6. Scabies, contagious ecthyma (sore mouth), foot rot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis) are considered contagious and infectious diseases, and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.

7. Avian Influenza - All out of state poultry must originate directly from a Pullorum-Typhoid Clean Flock and a H5/H7 Avian Influenza Clean Flock, or be accompanied by evidence of a negative Pullorum-Typhoid test within ninety (90) days and a negative official Avian Influenza test within twenty-one (21) days.

Also, please note that if highly pathogenic Avian Influenza is detected in Tennessee or a neighboring state, the commingling of poultry at fairs and exhibitions may be suspended.

Fair Biosecurity
Please review and implement the biosecurity recommendations for exhibit organizers and exhibitors related to swine provided by the National Pork Board that can be found at http://m.pork.org/News/4545/SwineShowBiosecurityRecommendations.aspx.

Also, be aware of the potential exposure of fair attendees to E. coli 0157 from animals exhibited on the fairgrounds. Below is a summary of recommendations for fair management by the National Assembly of State Animal Health Officials and the National Association of State Public Health Veterinarians to better protect fair attendees from disease:

- Provide easy access to hand washing stations.
- Post informational signage that includes the following messages:
  - No eating or drinking in the animal areas.
  - Wash hands frequently.
  - No pacifiers, sipping cups or strollers in the animal exhibition areas.
  - Discourage sleeping in the animal exhibition areas.
  - If human or swine influenza-like illness is associated with the exhibition, animal health and public health officials should be notified immediately.
  - People who have influenza-like illness should leave the exhibition immediately and seek medical care. They should advise their health care provider about their fair attendance.
  - People at high risk for developing severe complications from influenza should limit their exposure to swine.

Please retain this material for reference during the 2017 fair season.

Mary Katherine Williams is a true southern girl. Born in the piedmonts of South Carolina and raised in the hills of Tennessee, she lives and sings tones of the deep south. Influenced at a young age by legends such as Dolly Parton and Bonnie Raitt, Mary developed a unique style that blends sweet and soulful for a rich and bold sound that’s uniquely Mary Katherine Williams. Playing shows from the time she was eight years old, Mary wowed audiences from coast to coast with her powerful voice and southern wit. As a young artist, Mary was most respected for her version of the National Anthem, which brought the entire stadium to their feet during a sold out Nashville Predators game in 2003. It’s a moment she will never forget and one that continues to motivate her American southern spirit. More recently, Mary was honored to be in the top 51 artists on the final season of American Idol (2016). Even the most discriminating of judges, Jennifer Lopez, proclaimed on prime time television to get “goosies” from Mary’s voice. It’s true, and you don’t have to be from the south to love it, but if you are, you probably love it even more! That’s what fans said about her when she recently opened for Frank Foster’s Bulls, Bands, and Barrels concert (2017).

Mary was raised in the south, and that’s where you’ll find her performing, at local fairs, events, and radio shows. If you’re from her neck of the woods, you might catch some of her original music on 93.9 The Duck, where she is highlighted as one of Middle Tennessee’s local talents. She likes to keep it downhome and promote her style of country right here at home, like the Marshall County Goats Music and More Festival, where this year she will be opening for the Friday night headliner (2017).

When she’s not spreading southern spirit on the stage, she’s writing new music and recording in the studio. Her latest album, self titled “Mary Katherine Williams”, was produced by musician/artist Michael Rogers in 2016. This collection of original music captures the essence of life in the south with tunes such as Red Neck Man, Reel Me In, and My Pistol. Just like the titles of her songs, which tells the story of southern life, Mary herself is the real thing. A true southern talent!

Where “Fab” Meets Fun!

When it comes to recreating the fun and excitement of the most popular band in music history, The WannaBeatles more than live up to their name.

The WannaBeatles are Grammy finalists who are receiving standing ovations at theatres across the country. They have appeared on both national television and on stage where they use their multi-instrumental skills to re-create all eras of the Beatles’ songbook and more.

**SHELBY LEE LOWE**

Singer-Songwriter, Shelby Lee Lowe, has the potential to establish what country music has been missing for the past decade, modern country with a traditional backbone.

A native of middle Tennessee and a graduate with a degree in Music Business from MTSU, Shelby learned how to maneuver his way through the difficult obstacles in the music industry, all the while honing his craft and preparing himself for long music career.

Shelby’s self titled debut album was released in October of 2016. He penned eleven of the thirteen songs; including titles such as “Slow Dancing”, “At It Again” and “History”. “Honky Tonk Race” is already making waves in the Line Dancing scene.

Shelby Lee Lowe has opened for great artists like Charlie Daniels, Cowboy Troy, Sister Hazel, Darryl Worley and Big Smo. His 2017 tour is being booked now and he expects his success to continue.

Shelby Lee Lowe gives 100% to his craft and commitment to his music career. Establishing himself as an authentic country music entertainer with comparisons to country artists we revere such as Merle Haggard, Waylon Jennings and Dwight Yoakam.

BRING YOUR OWN CHAIR
There are many things that Darryl Worley has come to know in his 15-year career in country music. One of those things is how to recognize a hit song, scoring nearly 20 hit singles and three chart-topping hits with the self-penned “Awful, Beautiful Life” and the poignant “Have You Forgotten,” which spend an astonishing seven weeks at No. 1 as well as “I Miss My Friend” which came to him via a songwriter friends in Nashville.

He also recognizes the importance of giving back every opportunity that he can through his annual charities that has funded organizations such as the Darryl Worley Cancer Treatment Center in Savannah, Tenn.

“We've managed to do a lot by the grace of God over the past 15 years,” notes Worley. “We’re having the biggest years of fundraising now just because we’ve learned how to do it. It’s just a very positive thing that we’ve been able to accomplish.”

“I am just in a really good place in my life and my career,” Worley says, as a smile spreads across his face. “I have been so blessed throughout my career. I have seen so much and experienced so much that I will never take for granted. I'm definitely not done yet. There is a lot more to come from me in the future. It feels good to start stirring it all up again. I'm ready to get back out there!”
